“Collectively, more than 450,000 Iowans living with disabilities can make a significant impact on the public policies and practices that affect their daily lives.” - Iowans with Disabilities in Action

“Voting is one of our most important rights. Voting is how people decide who they want our leaders to be, and what they want the government to do. By voting on the people who will represent them in the government, and on the laws we must follow, people choose what they want government to do. Voting is just as important for people with disabilities as it is for everyone else. If people with disabilities can't vote, laws might be made about us, without us.” - [VOTE. It's Your Right: A Know-Your-Rights Guide for Voters with Mental Disabilities and Advocates](#) —Bazelon Center for Mental Health Law, Autistic Self-Advocacy, National Disability Rights Network, and law firm Schulte, Roth & Zabel.

PREPARE IN ADVANCE—Accessible Voting: Each polling place will have an accessible voting machine. There are 4 different machines approved in Iowa. County Auditors chose which machine they want to use. To find out which machine your county uses, please click on this link: <https://sos.iowa.gov/elections/pdf/covotesystem.pdf> then look up your county and note the accessible system machine they use. Then see the Iowa Secretary of State's web link to review videos outlining the use of the accessible voting machine in your county. SEE SECTION: How Does An Accessible Voting Machine Work? <https://sos.iowa.gov/disabilities.html#machine>

Voting in Iowa

Early/Absentee Voting: If you would prefer to not vote at your polling location on election day, you can vote prior to the election via Absentee ballot in person at your county auditor's office or by mail. You must request an Absentee ballot by contacting your county auditor or by going to the Iowa Secretary of State's website where you can download application. After printing and completing application, you will need to return the Absentee ballot application to the county auditor's office in your county.

A list of county auditors by county can be found via the following link: <https://sos.iowa.gov/elections/auditors/auditorslist.html>

Iowa Secretary of State: Absentee Ballot request and video tutorial overviewing Absentee Voting: <https://sos.iowa.gov/elections/electioninfo/absenteeinfo.html>

Early/Absentee Voting in Person: Each county auditor offers early voting before the elections in person at the county auditor's office during regular business hours. You must vote your absentee ballot at the auditor's office. You cannot take the ballot home to complete. For voters who need assistance in marking their ballots, an accessible ballot marking device is available at the county auditor's office. In-person absentee voting is not available on election day at the auditor's office.

Satellite Early/Absentee Voting: Many county auditors set up other voting stations called "satellites" before election day in public places such as libraries. To check if a satellite voting location is planned for your area check with your county auditor's office. For more details see the Iowa Secretary of State's website: <https://sos.iowa.gov/elections/electioninfo/satellite.html>

Early/Absentee Voting by Mail: Registered voters may request an absentee ballot to be sent to them by mail. You must complete an absentee ballot request form and return the original, signed form to your county auditor. Wait for your ballot to arrive by mail. You can track your ballot via the following web link: <https://sos.iowa.gov/elections/absenteeballotstatus/search.aspx>

When your ballot arrives, complete your ballot, sign the affidavit on back of the ballot envelope, and mail the envelope (with the ballot inside) to your county auditor.

Curb Side Voting If you are unable to enter the building where the polling place is located because of disability, two precinct election officials, one from each party, will take a ballot and election supplies outside to the voter. The voter may then mark the ballot in the voter's vehicle. The voter must sign the Affidavit of Voter Requesting Assistance.

It is not required, but would be helpful to contact the county auditor's office, to let them know that you will be voting curbside. If you for some reason are not able to contact the county auditor's office, then bring a person with you in the car to the polls so they can go in and let the poll workers know that someone is in the car and looking to cast their ballot via curbside voting. However, it is highly recommended that one call the county auditor's office prior to arriving so that poll workers are prepared.

For More information on Accessible Voting and Curb Side Voting see 'Iowa Poll worker's Guide to Accessibility' <https://sos.iowa.gov/elections/pdf/auditors/peoaccessguide.pdf>

Voting in Iowa: Election Day at the Polls

Steps to Voting in Person at the Polls

- Locate the poll location where you will vote (see Page 7 of this guide for tips on how to find out where you vote).
- Upon arrival to the polling location, look for signs to direct you to place where you line up. Many poll stations have signs that say “Vote” or “Vote Here”.
- Wait in line and when it is your turn, check in with the poll worker. Tell the poll worker your name or ask to register.
- If you are voting in person in Iowa, you will be asked to show a valid form of ID before voting at the polls, but if you do not have the necessary ID, you will still be able to cast a ballot if you sign an oath verifying your identity. (see Page 6 of this guide for tips on voter identification).
- The Poll Worker will check you in, direct you to the location where you will vote and tell you where to put your ballot when you are finished voting.
- Helpful tips on voting can be found under the FAQ page of the Iowa Secretary of State’s web page; including answers to questions like “What if I make a mistake on my ballot?” or “Do I have to vote for every race?” See Link: <https://sos.iowa.gov/elections/voterinformation/edfaq.html#15>

Some ‘Expected’ and ‘Unexpected’ Social Guidelines to Consider When Voting in Person at the Polls

Expected

- Greeting others and talking quietly to people while waiting in line to vote.
- Greeting poll workers and thanking them for their help.
- If you are feeling fatigued or anxious, you can request to move ahead in the line or you can ask for a chair to sit in while you are waiting in line to vote.
- If you need help, you can ask a poll worker for assistance or you can request a Poll Assistant.
- Request use of accessible voting machine, if this would assist you in voting.

Unexpected

- Asking other voters who they voted for while voting at the polls.
- Telling others who you are voting for and why while at the polls.
- Asking other people who you should vote for while at the polls.
- Not asking the poll workers for help when you have questions.
- Not asking to use an accessible voting machine if needed, the machines can be used by any voter.
- Not calling voter hotline, if unable to vote (see page 6 & 3 of this guide)
