Free medication schedules, reminders, and NEW Health Tracker

Thousands of patients and caregivers use MyMedSchedule to manage meds and labs on the go, set reminders, and make it easier to communicate with their healthcare providers. Now MyMedSchedule includes **My Health Tracker** and lets you record all your lab results and vital signs.

Manage meds and labs on the go

Take the right dose at the right time

- Print schedules that are easy to create, read, and update
- Keep track of all your medications
- Bring your pill schedule to all your medical and dental appointments
- Print schedules in English or Spanish

Highest Rated App for Medication Adherence

Journal of the American Pharmacists Association

My Health Tracker

- Keep a list of all your lab results and vital signs
- Graph results to track progress
- Set personal goals and compare them to your actual results
- Quick and easy data entry

Plan Ahead for Any Emergency

Free reminders

- Receive reminders to take your medications by text or email
- Refill reminders help you reorder prescriptions before they run out
